

Your Spanish Notebook

The only thing that you are required to bring to class every day will be your Spanish notebook. You do not need to bring your textbook because I have a class set. Your notebook will be a tool that will include all of your notes, vocabulary, workbook pages, paper, and even a dictionary.

The following handouts will be the first thing in your notebook:

1. Homework Stamp Sheet
2. Grade Sheet
3. Bienvenidos

The next 7 dividers will be labeled by chapter (Para Empezar, 1-1, 1-2, 2-1, 2-2, 3-1). Each will include the following handouts for that chapter:

1. Actividades del libro (white)
2. Vocabulario (blue)
3. Gramática (pink)
4. Practice workbook pages
5. Guided Practice pages

Your homework for tonight is to finish setting up your notebook as follows:

1. Make an insert and put it inside the clear cover of your notebook. You can use the computer and make it pretty if you like. It must be neat and clearly include the following information....

Your Spanish name and last name

Your grade level

Spanish III

Sra. Kemp

Your block

2. Put the workbook pages for each chapter and put them behind the appropriate divider. *Some of the pages have a (*) because one chapter ends and the other starts on the same page. Put that page in the chapter that we will cover first. After we finish that chapter you can transfer that page to the next divider for the next chapter.

3. The Writing, Audio, & Video workbook pages #1-49 will be put your binder behind the 7th divider. These will be kept together and will not be sorted by chapter.
4. Label your last divider "Papel" and put clean notebook paper behind it.
5. Always come to class with a blue or black pen. Keep one in your binder if you need to.
